

Website content:

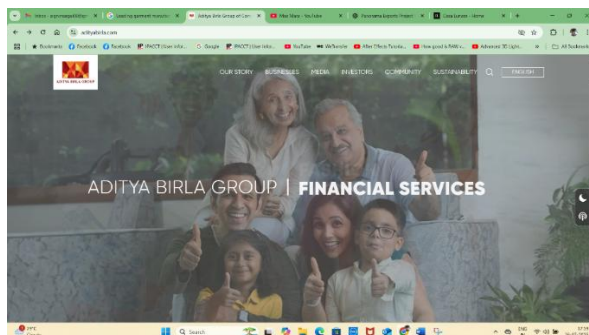

The website opens with an animated display of Panorama’s logo, accompanied by an [ENTER WEBSITE] button positioned at the bottom of the screen.

---

## Landing Page Options:

### Option Aditya Birla Group as we follow the concept

A dynamic image slider showcases models wearing Panorama outfits. With each transition, the corresponding garment segment is displayed alongside. All images and segment labels will be provided.

---

We give a tagline “Crafting Tomorrow”

This section highlights Panorama's contributions to nation-building and its commitment to giving back to society.

Upon click, a brief description is displayed, followed by a 'View Presentation' button. Once the button is activated, the corporate video presentation begins playing for the audience.

This line may be used. (Although needs approval on the content)

“True fashion tells a bigger story—of people, purpose, and planet. With every thread, we strive to weave dignity into design, merging timeless artistry with a future-forward responsibility.”

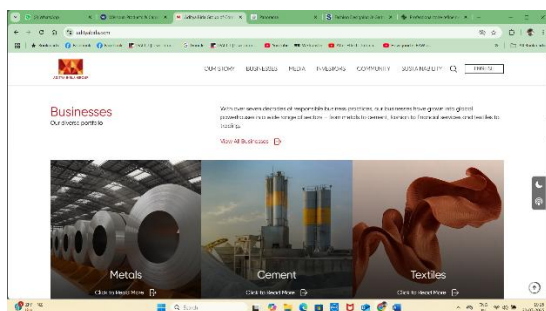

---

In place of the 'Legacy and Leadership' section, we will feature 'Global Footprint'.

This segment will include a concise overview accompanied by a line-drawn world map, with key countries highlighted and marked with location pointers to indicate Panorama’s international presence.

---

Replacing the '**Diversified Business**' section, this segment will showcase high-quality aerial visuals and images of Panorama’s four state-of-the-art manufacturing plants and warehouse.

An illustrated map of India will accompany the visuals, with pinpoint markers indicating the exact locations of each facility.

---

Following this will be **Community and Media & Gallery**

**For the Drop-Down Segments:**

**Our Story**

**Roots of Excellence   Vision & Value   Leadership   Milestone   Group Purpose**

**Weaving Stories**
